

Voices for Virginia's Children wants every child in Virginia to grow up in a safe and stable environment with the ability to thrive. We are the only multi-issue, statewide child advocacy organization in the commonwealth. Nonprofit and nonpartisan, we champion public policies that improve the lives of Virginia's 1.9 million children.

We achieve our mission by:

- Using objective data to inform policymakers about the well-being of children,
- Analyzing research, best practices, and policies in Virginia and other states to identify programs that work,
- Educating voters about children's well-being and building support for improved laws,
- Leading diverse, collaborative coalitions of organizations interested in children's well-being, and
- Advocating with policymakers in both political parties to change laws, regulations, and funding.

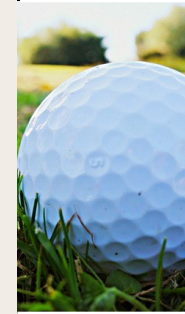

## *Thank You to Our Board of Directors*
